HAU Books *Malinowski Monographs*

HAU's newest book series, *The Malinowski Monographs*, will showcase groundbreaking work that contributes to the emergence of new ethnographically-inspired theories. In tribute to the foundational, yet productively contentious, nature of the ethnographic imagination in anthropology, this series honors the coiner of the term "ethnographic theory" himself. The series showcases short monographs that develop and critique a key concept in ethnographic theory, and standard monographs based on original ethnographic research that emphasize the analytical move from ethnography to theory.
